

Get your free SSW tokens now! Secure Swap Referral Campaign

Participate in our referral program and get free SSW tokens,
up to 10% of the investments of your investors!

Distribute this flyer!

All you need to do is to get as many friends as possible to invest in the Secure Swap project. Each participant who managed to convince investors to buy SSW tokens will receive free tokens:

- From 1 to 9 investors: 5% of the investor's transactions
- From 10 investors: 10% of investor's transactions

Example: You have 3 friends who bought 1000 SSW tokens each. You will receive 150 tokens. You have 10 investor friends? The tenth bought 5000 tokens? You will receive 500 new tokens!

You just have to follow these 4 steps:

- Connect to Secure Swap ICO website: <https://secure-swap.com>
- Go to Referral program
- Insert your address of the Ethereum wallet where you want to receive your free reward tokens
- Insert the addresses of the Ethereum wallets of the investors that are interested to invest in Secure Swap

* In order to reduce the possibility of manipulation, you must provide the addresses of the ETH wallets of the investors **before they have actually done the transaction**.

In case the transaction is done before the addresses of the wallets of the investors are registered, the free tokens will be lost.

In case there are participants who have provided the same ETH wallet address, only early address provided participant will be rewarded!

Good luck and let the game begin!
